Diving

Level: Beginners
Location: Start at the conference room / swimming pool
Price: 299 euro (included the exams)
Number of lessons: 8
Period: Every Quartile
Day & time: Tuesday, 21h30-23h30
Sports equipment: swimwear and swimming goggles

In our diving course you will learn all the aspects of this fascinating sport. The course consists of a couple of snorkeling lessons so you learn specific basic skills and how to deal with compressed air cylinders. Besides the practical lessons you will also follow a couple of theoretical lessons in which the instructor tells you the theory of working with compressed air, all safety rules, how to work in teams under water and other aspects of diving. The course can be finished with an examination weekend in which you can obtain a PADI certificate (open water diver). The level and experience of our PADI instructors guarantees a high quality instruction. We also offer a shortened diving course once a year in June.

*For this course you need swimming experience/a swimming certificate
