**Incubation Program**

**STARTUP*EHV**
We want to create the next generation of entrepreneurs. The incubation program, is an initiative from Bright Move with its partners TU/e, Brainport Development and BOM. Any person who either lives, works or studies in the Brainport Region who wants to start a business with their great idea or technology can join the program.

**PROGRAM 1**

**FRAME**

12 participants  
September-November 2019
This program is designed for those who want to discover what entrepreneurship truly is and want to commit themselves to becoming an entrepreneur.

**PROGRAM 2**

**LOAD**

19 participants  
February-March 2020
The goal of the program is to connect you with the right market segment to start your company.

**PROGRAM 3**

**LAUNCH**

Start September 2020
This program focuses on founding a startup.
Entrepreneurship events

Europen Venture Program
The European Venture Program (EVP) is the EuroTech Universities Alliance contribution to a more vibrant scene of scalable startups in Europe. The program offers 25 young startups exclusive access to the entrepreneurship expertise and networking resources available at the six EuroTech Universities.

2 rounds of 6 days

Munich
Eindhoven
Lausanne
Copenhagen

25 TU/e students have participated
The Golden Lightbulb

The Golden Lightbulb challenges people in the Brainport Region to investigate if their bright idea can be turned into a profitable business. In three challenges they were helped to develop their idea into a concrete business proposal. In each of the challenges they got the chance to win prizes ranging from 250 euro to 10.000 euro.

The Grand Finale was held on April 3, 2019 in combination with the Get Started event. Winner of the €10.000 prize money was Ratio. Chromodynamics came in second place and won € 5.000. Jakx came in third place and won €3.000.

Kickoff EHV

In collaboration with Kickoff EHV, the entrepreneurial student community at TU/e, TU/e Innovation Lab organized 10 workshops/events.

Approximately 350 students attended the workshops and events.

Event: Get Started
Workshops: Protect your idea, Crazy ways to get money, Belasting aftrekken, Level up your branding, and more.
Health Tech Yard

The Health Tech Yard is a living lab in the Eindhoven region where high-tech, healthcare, academic knowledge and development come together with regional SMEs. The different parties are invited to devise, test and develop a good idea in co-creation and turn it into a concrete innovation, with the help and facilities of the test platform.

Amount granted: 2.9M Euro
TU/e Innovation Lab: 1.3M Euro

Duration: 1 March 2016 - 29 February 2020

Achieved deliverables

- 182/200 organizations provided with innovative know-how
- 20/20 new collaborations between students, researchers, SMEs and (health)care institutions
- 11/10 new project ideas/concepts which lead to a new product/service (=> TRL7)
- 26/25 knowledge institutes informed about Health Tech Yard
- 20/28 startups founded

10.9M Euro / 7.5M Euro worth of investments made for the purpose of innovation, research and product/service development
