Connecting knowledge with entrepreneurship

TU/e Holding participates in spin-off companies from the TU/e. The companies derive from the intellectual property of the university. Many times, years of research have taken place prior to the formation of the company.

Entrepreneurial-minded students and employees of the TU/e are stimulated to start a business.

Participating in new companies.

Contribute to the economic development of the Eindhoven Region.

48
Number of spin-offs in Holding

4
Average of newly founded spin-offs per year
