SEO subsidy received

SEO: The Encouraging European research regulation encourages the active participation of publicly funded knowledge institutions in European research programmes by making a contribution towards the direct or indirect costs that incur for an EU-funded project within Horizon2020.

* Expected figure for 2018

SEO subsidy for TU/e on the basis of participation in Horizon 2020 is 9%.

The Board decides how to spend the amounts. In previous years amount was spent for:
- Eurotech Universities cooperation
- Co-financing Eurotech postdoc programme
- Support for new project officers (250K€) per year
- Payment of the 4th year of Marie Curie Early Stage Researchers
