Working on the plan for migration

OLD webpages

NEW webpages
Starting points

- Step by step
- Quality above quantity
- Governance is organized
- Dare to choose
- Inform before, not after
- Keep the good

Dare to be different!
The approach for creating the new webpages consists of the next steps:

1. Create new webpage (hidden)
2. Check by content-owner
3. Make changes if requested by content-owner
4. Unhide new page and hide old pages
5. Archive old pages
