Erasmus for Young Entrepreneurs: WHAT IS IT?

Erasmus for Young Entrepreneurs is an exchange programme for entrepreneurs, financed by the European Union. It offers you the opportunity to work alongside an experienced entrepreneur in another European Union country and strengthen the skills you need to develop your business. Your stay abroad can last between one and six months.

WHY GO ON AN EXCHANGE?

As a would-be or newly established entrepreneur, you can find yourself at crossroads. You need first-hand guidance. On-the-job training with an experienced entrepreneur will help answer your questions and prepare you to run your own company successfully.

Georgi Nikolaev, Bulgaria, owner of IT consultancy

I now understand which business model is good for my company and what marketing strategy I should use.

THAT’S NOT ALL!

YOU WILL ALSO:

- Develop international contacts
- Get to know about another European market and about different ways of doing business
- Strengthen your sector-specific skills

Erasmus for Young Entrepreneurs: IN PRACTICE:

The programme is run by a network of local contact points, including Chambers of Commerce, incubators and other organisations supporting businesses, present in the different European Union countries.

After you fill in your online application and get accepted for the programme, the contact point you will have chosen in your country will provide you with support and assistance to find your host entrepreneur. You will also receive practical assistance during your stay abroad.

For more information about contact points in your country, please visit “Your local contact point” on the programme’s website.

- You have a concrete project or business idea, reflected in a business plan;
- You can clearly demonstrate your motivation and commitment to engage in a business relationship with an experienced entrepreneur from another European Union country;
- You are prepared to contribute to the development of the host entrepreneur’s business;
- You are prepared to cover the costs of your stay abroad exceeding the EU grant.

“Having an insight into the day-to-day activities of more experienced entrepreneurs is a true eye-opener!”
