STARTUP*EHV INCUBATION PROGRAM

LOAD*

Get to know your customers and find the entry market for your business.

Are you living, working or studying in the Brainport Region and working on a new technology or product and not yet thought about your market entry? We created a tailored program for you to discover the structure of your entry market, which launching customers there are in that market segment and how industry experts can help you to set foot on the ground.

We will work with you in an intensive two month period. You will participate in six workshops where we will help you get focussed on the right market. In between each workshop you will talk to customers and determine the playing-field for your company. You will unlock the entry market for your product! The goal is to connect you with the right customer and market segments to start your company. After this program you will hit the ground running!

WHAT’S IN IT FOR ME?
- A soft landing on the market;
- Exclusive and high-quality program;
- Workshops taught by experts from the field;
- Personal attention;
- Access to a vast startup ecosystem;
- IP remains yours;
- Free program valued at €7.500.

WHAT DO WE EXPECT FROM YOU?
- Attendance at all workshops;
- Active contribution during workshops;
- Commitment;
- Your feedback, so this program can only get better;
- Your story and photos for PR purposes;
- You being an ambassador for the program.
