LAUNCH*

Unlock the entry market for your business and have a flying start!

Are you living, working or studying in the Brainport Region and have you already found an entry market for your business? Is it time to launch your business? Then this program is for you.

LAUNCH focuses on founding a startup. After this program you understand all risks involved with the presumed business model and you will have an understanding on how to validate these risks. With this program we help you to make a solid decision on which goals to pursue and you get a clear view on all the risks involved with your business model. During the program you will get guidance from experienced business developers tailored to your needs.

WHAT’S IN IT FOR ME?
